

April 2025

Year 2

This half term in R.E, we have completed our 'Desert in Garden' unit and reflected on the importance of forgiveness. The children have shown wonderful creativity in their learning, focusing on Jesus' words on the cross and what they teach us about love, forgiveness, peace and mercy. As part of our work, the children have created beautiful crosses and wonderful artwork and written reflections. All the children have worked incredibly hard!

In D.T the children made some delicious vegetable wraps! They added different vegetables, learning about healthy eating along the way.

In Geography, we have been learning about human and physical features. We took an exciting trip to **Christchurch Park**, where we explored the different human and physical features around Ipswich. We also used maps and looked at different places across the UK to compare which human or physical features.

In Maths this term, we have covered a variety of engaging topics: 'Mass, Capacity and temperature', 'Fractions' and 'Time.' The children have worked incredibly hard in Maths and have made so much progress; I have been very proud of their hard work!

In English the children have been learning about Poetry, Non-Chronological reports, Formal Invitations, Stories from other cultures and Personal Experiences. The children have produced some beautiful pieces of writing, which have been such a joy to read.

In History we have been learning about Felixstowe. The children have been fascinated to discover more about the town's history, including the fact that it experienced a flood in 1953, that the pier opened in 1906 and that Landguard Fort in Felixstowe was built during the reign of King Henry VIII! The children have shown great interest and enthusiasm, asking lots of questions and making wonderful connections to their learning.

Year 2 have worked incredibly hard this term and it has been a very busy one – but also very exciting! We are so proud of everything Year 2 have achieved this term and look forward to more exciting adventures in learning during our final term together!
