

'Living and Learning through Faith'

July 2025

Year 6

Residential to Mersea

The children had a great time away testing their comfort zones and trying to challenge themselves. The staff who went with them were very complementary of this and their behaviour and attitude. Well done, Year 6!

Hoodwinked

The children have been working hard to learn their lines, sort out props and position themselves correctly on the stage. You are all in for a real treat when you

Sports Morning

Year 6 were fantastic ambassadors supporting the Reception and KS1 Sports morning. They were patient and kind towards the younger children and showed good coaching skills.

Snape

The children have been working hard with Mrs Dyer to showcase their magnificent singing and creative skills. For those of you who went, I know it blew you away.

It could take pages to showcase the amazing things Year 6 have done this term and throughout the year. As it is their final newsletter, we would like to take this moment to wish each and every child the best of luck at high school. May they take with them all they have learnt from St Mary's and carry across their beautiful personalities into the next chapter of their lives.

Have a wonderful summer all!
