

Times Table Progression from Year 2 to Year 6

Timings

Strips of single times tables: 1minute

Mixed 100: 4minutes.

Order

2x tables in order

2 x tables in mixed order

2x tables including division facts

Repeated for 10's then 5's

3 x tables

4 x tables

6 x tables

7 x tables

8 x tables

9 x tables

11 x tables

12 x tables

Mixed 100

Mixed 100 double sided

(Need to introduce multiplication of fractions for those who achieve all of the above and in a quick time.)

Arithmetic

KS1: Sessions working practically: counting out loud forwards and backwards, singing/chanting in steps of 2,5,10.

KS2: Weekly arithmetic focus- not necessarily in test format- 6/7 questions timed in a productive way. As the year goes by you can build questions in as you cover the curriculum content.
